Good Vibes Shout Out

Labor Day, the first major milestone of the year, has already come and gone! It has been so fun breathing life back into the building with the arrival of students and staff. We are making a focus this month on being positive, one of our core values. We invite everyone to send an anonymous shout out of positivity to someone. To do so, click on the Good Vibes link under the Students & Families heading from our website. We'll display the shout outs on our tv in the main hall. A positive attitude doesn't just change your day – it changes the day of everyone around you!
