

# Delta Middle School

# APRIL

## newsletter

We present to you the Utah State Board of Education and Utah School Counselor Association's secondary school counselor of the month. The USBE School Counseling specialist and USCA have partnered together to honor an amazing school counselor or school counseling team in Utah each month. Jenifer Smith brings a wealth of experience from her work at the elementary, middle, and high school levels, and she continues to make a remarkable impact here at Delta Middle School. Her energy, warmth, and genuine care for students are evident in everything she does. Jenifer is proactive and highly effective in launching new initiatives, including playing a key role in moving our Positive Behavioral Interventions and Supports (PBIS) programs forward with efficiency and purpose. She builds meaningful relationships with students through lunch bunch groups, classroom presentations, and consistent day-to-day support. Her presence is felt throughout the school as she works tirelessly to meet the academic, social, and emotional needs of our students. Jenifer's dedication, versatility, and student-centered approach make her an invaluable member of our school community. She truly embodies the spirit of a compassionate and innovative school counselor, and she is deeply deserving of this nomination.

Mrs. Clark got some shine at this year's Utah Coalition for Education Technology conference. She was selected as a 2026 UCET Innovative Teacher! The Innovative Teacher Award recognizes teachers for facilitating student learning through innovative teaching practices using technology. Mrs. Clark's innovation is next-level, and her skills in the technology department are nothing short of wizardry. A well-deserved award for a fabulous teacher!!

## UPCOMING EVENTS:

- RISE Testing
- Midterm
