*****Council Suggestion for improvement:** Provide a sheet for back to school that includes their student's login information.

Also, it was suggested that the school include a sheet that lists the resources available to parents/their students to help with academics at home.

Last, it was suggested that there should be "shiny posters" at each classroom with pertinent information so that students and parents can see them easily.

*****Council Suggestion for improvement:** When sending out power announcements please make them specific for the school they are meant for. Parents do not like that they get the announcements from other schools, even if they don't have children at those schools.
