

Dear Parents / Guardians:

On behalf of the faculty and staff at Delta South Elementary I want to extend a very warm and cordial welcome to each of you. We are pleased that Millard School District is continuing to have students come to school with less restrictions than our previous year. As COVID continues in our world, we are aware that all students need to continue to feel safe. We will continue to sanitize and take other steps that will assure this safety.

The handbook has been prepared for your convenience and is available by sections on our website – www.millardk12.org/dses/ In that file, you will find information which will be helpful to you and will also be very beneficial to your students. We would like to request that you spend some time and review the contents of the handbook and then share with your children those things that you feel are important and relevant for them.

We are looking forward to a great year. We realize that our role is to help and assist each individual student to achieve academic success and to have a positive experience as they begin their formal education. We also realize that you, as parents, are as important as your children's teachers in this learning process. I strongly encourage you to be involved and to know what your students are doing at school. Spend time talking about school and supporting what they are learning at school. Reading with your children on a regular and consistent basis may be the most important thing you can do to support the educational process at this time.

Thanks again for allowing us the opportunity to work with each of you and your children. Please feel free to contact us at any time if you have questions or concerns and know that you are always welcome in our school.

Sincerely,

Rhonda L. Harrison
Principal
