State Goal

close

Learning bell choir music to enhance musical standards such as rhythm, harmony, and interpretation.

Academic Area

close

- Fine Arts

Measurements

close

**Measurements**  
**This is the measurement identified in the plan to determine if the goal was reached.**

Christmas performances for the Care Center and the annual Christmas Banquet will demonstrate ensemble skills that are an integral part of music activities.

**Please show the before and after measurements and how academic performance was improved.**

The new bells are being used in performances and have improved the students' performance in their choral and orchestral classes. The students used these new bells to perform a variety show for the local Care Center, December 2021.

Action Steps

close

**This is the Action Plan Steps identified in the plan to reach the goal.**

Currently, I have access to an older set of these bells, and I use them to provide this exciting and educational musical experience for my students. Our choir chime set is getting worn and the bells are losing the original pure chime quality. I replaced a few of the bells a few years ago. The new bells are so much better than the old ones. However, they expose the duller, poorer quality of the old bells. The rest of the bells need to be replaced to provide a balanced sound quality. Through trust lands monies I am hoping to be able to purchase new chimes to update our choir chime set.

**Please explain how the action plan was implemented to reach this goal.**

As described. The new bells are great and provide a balanced and beautiful sound quality that the choir and orchestra benefited from in their performances, specifically over the holiday season

Digital Citizenship/Safety Principles Component
