

# Fillmore Elementary Community Council

## Wednesday December 5, 2018

In attendance: Karilyn Shields, Canisha Harrison, Vicki Allen, Whitney Swallow, Alexis Taylor, Mr. Robison, Shannon Blad, & Leisa Carling.

### Discussion:

- Digital citizenship: Mrs. Wood teaches four lessons on Near Pod, internet safety- twice a year. Drake Chappell also teaches in 3<sup>rd</sup> grade classrooms.
- School Fees: We have no fees at the elementary level. If there are any they must be approved by the board. All fees qualify. ENDO used to cover various items.
- Vicki Allen added items suggested last meeting for Capital outlay.
- Safety could work int trust funds. We have about \$6000.00 more this year minus the increase for salaries. Leaves about \$28,000.00 to spend.
- Use same numbers from last years and build on them.
- Smart TV's- would depend to teacher if it needs to be Touch, like a giant interactive TV. District will pay a certain %. Maybe trust funds could pay the rest. We would pay about \$2,275.00 and district would match.
- District will pay half on endorsements for teachers for Master's degree and endorsements.
- Professional development.
- We have set aside \$400.00 per teacher to be used as the teacher needs, this could be used for professional growth.
- Up \$ amount for skills and Beverly Taylor Art 2% and use the rest for technology.
- Transportation and food for DIBLES training.
- LIM- get a date
- Yes, on language builder cards approximately \$1,800.00

Keep same number adding extra to technology. Mr. Robison will start writing it up.

Alexis motion to adjourn- Vicki 2<sup>nd</sup>

Next meeting January 9<sup>th</sup>.
