

Visual Arts Newsletter

November 2023

inspire
through
art.

Hello again! I am Mrs. Jackson, the visual arts teacher here at Fillmore Elementary! Our newsletters are a great way to see what students accomplished the months before. I will be releasing one each month.

KINDERGARTEN

We learned how all pictures are created by using lines and shapes. We used that knowledge to create a pumpkin patch with a scarecrow standing guard.

Savanna

FIRST GRADE

In art, we learned about primary and secondary colors, and glimpsed tertiary colors as we painted our trees. We used sharpies and watercolor paint to create these fun fall pieces.

Millie

Porter

SECOND GRADE

Using watercolors and oil pastels we created fall trees with warm and cool color contrast from the leaves onto the background..

Nevaya

Ilsa

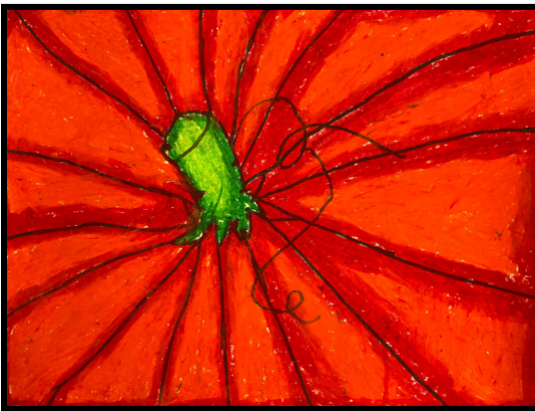

Jaide

THIRD GRADE

Using oil pastels and a smearing technique, we created pumpkins. We had to use a light and dark color to make it look like the sun was shining on the pumpkin top.

Rowdy

FOURTH GRADE

During November, fourth grade had a short week. So we created a zentangle, which consists of repeating patterns in different sections. We first cut leaves out of yellow paper, and glued them to brown pages. Then we created the different sections and added the designs.
