

Visual Arts Newsletter

February 2024

Hello again! I am Mrs. Jackson, the visual arts teacher here at Fillmore Elementary! Our newsletters are a great way to see what students accomplished the month before. I will be releasing one each month.

Creativity
takes
courage.
Henri Matisse

KINDERGARTEN

During February, we drew Valentine Hedgehogs. Mrs. Jackson showed us step by step how to draw our hedgehogs and then we added the details and cut them out using silly scissors.

Levi

FIRST GRADE

We created sun and moon pictures for our project this month. We discussed differences between the day and night sky. Then using oil pastels and watercolors, we created pictures and colored them with warm colors on the sun side and cool colors on the moon side.

Robin

SECOND GRADE

This month, we drew self portraits. First, we learned how to draw a face, then we created a background that had details about ourselves. We used colored pencils for our colors.

THIRD GRADE

During February we used watercolor resist to create our pictures. We started with oil pastels to draw the jelly fish, and sharpies to draw the sea creatures and seaweed silhouettes. Then we painted with watercolors and created gradients going from light to dark.

FOURTH GRADE

After learning about one point perspective, we created an aspen tree grove “growing around us.” We used water colors for paints and traced our trees with ball point pens.
