

# Visual Arts Newsletter

## April 2024

“To be an artist  
is to believe in life.”

Henry Moore

[www.ArtProMotive.com](http://www.ArtProMotive.com)

Hello again! I am Mrs. Jackson, the visual arts teacher here at Fillmore Elementary! Our newsletters are a great way to see what students accomplished the month before. I will be releasing one each month.

### KINDERGARTEN

For the month of April, we made art based on the phrase “April Showers Bring May Flowers.” We drew rain clouds and flowers with regular pencils. Then we used markers, crayons, and colored pencils to color our pictures.

# FIRST GRADE

We learned about Jasper Johns in April. He is an abstract artist that centered around letters, numbers and the USA. We made our own abstract art focused on our teen numbers. We made our numbers with crayons, then painted with watercolors.

## SECOND GRADE

During April, we created tiki masks. We learned about symmetry and how tiki masks have equal sides. We then used colored paper to create our mask shapes on our brown "wood" paper. Finally we used sharpies to help emphasize our shapes.

## THIRD GRADE

Our final project for the school year was our messiest one yet! We used crayons to color our background. Then we made a "printing plate" by etching a pattern into a styrofoam square. Finally we rolled ink onto the "plate" and stamped it onto our background.

## FOURTH GRADE

We created pixel art as our last project in fourth grade. We had to count each row to make sure that our pictures lined up. We had the choice to create our own art, or use art that was already pixelated as a reference. We then used markers, crayons, and colored pencils to color our art.
