MILITARY RECRUITING AND INSTITUTIONS OF HIGHER EDUCATION

Millard School District is supportive of military recruiting in our high schools. In accordance with *No Child Left Behind Act of 2001* and the *National Defense Authorization Act 2002*, military recruiters and institutions of higher education are entitled to receive the name, address, and telephone listing of Juniors and Seniors in high school, unless a parent requests that their student's information not be released. In order to provide the information that our students, parents, and school administrators need when considering military service, the following procedures will be followed:

1. Parents will be notified that the district will release names, addresses, and telephone numbers of Juniors and Seniors at each of our high schools to military recruiters upon request, unless parents request in writing that the information not be released. The written request should be addressed to the Superintendent of Schools by September 1st to have their student's name removed.
2. High schools will allow military recruiters the same access to secondary school students as they provide to post-secondary institutions or to prospective employers.
3. Active recruiting will only be conducted with parental approval before or after school hours except during designated Career or Job Fair days.
4. Recruiting personnel are required to schedule an appointment prior to meeting with counselors, teachers, or administrators.
5. Students leaving for training are encouraged to do so during the summer vacation. If this is not possible, a cooperative education agreement will be filled out by the recruiter and signed by the student, parents and school counselor. This should be approved by the School Board before leaving for training.
6. The Armed Services Vocational Aptitude Battery Test (ASVAB) will be offered to all Juniors and Seniors. Testing personnel, upon approval of the principal, will be allowed back into the schools to explain the test results.
