## Evaluation and Selection of Classroom Materials

### A. Definitions—

In addition to the definitions in Policy 5180, the following definitions apply in this policy:

1. “Material” means anything which is or may be used as a means of communication, including for example something printed or written or any picture, drawing, photograph, motion picture, or pictorial representation, or any statue or other figure, or any recording or transcription, or any mechanical, chemical, or electrical reproduction.

*[Utah Code § 76-10-1201\(7\) \(2013\)](#)*

2. “Classroom material” means instructional material made available to students in a particular class to support student learning and either has not been specifically approved for use by the District under Policy 5180 or is not material designated as “recommended limited” or “recommended student resource” by the Utah State Board of Education.

*[Utah Code § 53G-10-103\(1\)\(a\), \(f\)\(i\)\(A\) \(2022\)](#)*

*Utah Admin. Rules R277-469-2(17), (19) (January 9, 2018)*

3. “Classroom material review committee” means a committee formed at the school level, appointed as needed and consisting of a school administrator or administrators, two educators from the school, and at least two parents with students enrolled in and attending the school. For a committee at a middle school or junior high or high school, at least one of the educators shall be licensed in the same area as the educator teaching in the classroom in question. An administrator member of the committee shall serve as the committee chair. Parents appointed to a classroom material review committee shall be reflective of the members of the relevant school community. The classroom material review committee considering a particular request may not include either the educator whose classroom material is in question or an individual who has made the request or a family member of the individual making the request.

*[Utah Code § 53G-10-103\(3\) \(2022\)](#)*

### B. Parental exemption from objectionable classroom materials—

Whether or not an item of classroom materials contains pornographic or indecent material, a parent or guardian may by timely request exempt the child of the parent or guardian from a requirement to read or review an item of classroom material if the parent or guardian finds the material objectionable. In that case, the child shall be provided with an alternate selection without penalty.

**C. Review of classroom materials in response to request—**

Requests for review of classroom materials are limited as follows:

1. Personal interest requirement
  - a. A student may request review of classroom materials in a classroom or class where the student is currently enrolled and attending.
  - b. A parent or guardian may request review of classroom materials in a classroom or class where a child of the parent or guardian is currently enrolled and attending.
  - c. A member of the Board of Education may request review of classroom materials in a classroom or class in a school within the local school board district the Board member represents.
2. Limits on review
  - a. Any item which has been reviewed under this policy and retained may not be subject to another review for at least three years.
3. Preconditions to review
  - a. Any adult who wishes to file a request for review of an item under this policy must first read or review the material as a whole before filing the request (students are not to be required, requested, or encouraged to complete reading or reviewing material in which they have discovered content they believe is pornographic or indecent material).
  - b. Before filing a request for review of an item of classroom material, the individual shall first meet with the educator using the material, who shall if able explain the intended purpose and use of the material in question.
  - c. If the educator is unable to provide this information or the individual is not satisfied with the information provided, the individual shall then meet with the principal (or a school administrator designated by the principal) regarding the concern.

If after meeting with the administrator the individual wishes to request review of the item, the individual shall complete the Request for Review of Classroom Materials form and provide it to the principal of the school where the classroom with the material is located. The principal or principal's designee shall make an initial determination whether the form has been fully completed and the requirements for requesting review have been met. If so, the principal or designee shall establish a classroom materials review committee to conduct the review.

In conducting a requested review, the primary purpose of the classroom materials review committee shall be to determine whether the item contains

pornographic or indecent material. However, the committee may also evaluate whether the materials are age-appropriate and whether the use of the materials should be reconsidered in light of all appropriate factors. The committee's determinations shall be made by majority vote of the members of the committee. Prior to engaging in any discussions with other committee members or participating in any decision making, each committee member shall read the item in its entirety (for written items) or review the item as a whole (for non-written items).

After the chair of the classroom materials review committee has confirmed that all members of the committee have reviewed the item in question, the chair shall schedule such meetings as are necessary for the committee to discuss the item and make its determinations.

In determining whether the item contains pornographic or indecent material, the committee shall determine whether the material meets any of the four tests for pornographic or indecent material set out in the definition in Policy 5180.

If the committee determines that the item contains pornographic or indecent material, then the item shall be designated as no longer approved for use and removed from use. If the committee determines that the item does not contain pornographic or indecent material, then the committee may, but is not required to, proceed to other considerations as set out in the following paragraphs.

*[Utah Code § 53G-10-103\(2\) \(2022\)](#)*

The committee may elect to evaluate whether the item should be removed from all use or restricted in use based on considerations of age appropriate use. In this evaluation, the committee shall use the definition of "age appropriate" set forth in Policy 5180 in light of the prevailing standards in the adult community with regard to what is appropriate for children of that age.

The committee may also elect to consider whether the use of the materials should be discontinued in light of all appropriate factors.

After the committee has made its determination, it shall prepare a written report which explains its findings and the grounds for its findings. A copy of the report shall be provided to the person who requested the review.

The chair of the classroom materials review committee shall report the results of the review to the Utah State Board of Education using the reporting tool provided by the State Board at [this website](#).

*[Utah Code § 53G-10-103\(4\)\(b\)\(iii\) \(2022\)](#)*

The determination of the classroom materials review committee is final and may not be further appealed.
