STUDENT DRESS

1. The Board recognizes that student dress and grooming may impact the education of students. Experience and research have demonstrated that the learning atmosphere is improved when students dress and groom in a way that is not distracting. Appropriate student dress and grooming promotes an effective learning environment free of unnecessary disruption. In addition, appropriate student dress and grooming helps increase school and student safety and security. The Board emphasizes the importance of cooperation among schools, parents/guardians, and students to ensure appropriate dress and grooming, and further recognizes that parents/guardians are primarily responsible for their students' dress and grooming. The Board delegates to the school administration the responsibility to see that each student adheres to the dress and grooming standards set forth in this policy.
2. The Board recognizes and emphasizes the importance of school, parent, and student collaboration in encouraging students to attend school dressed in a neat, clean, safe, and modest manner. Adherence to these dress and grooming standards will be the responsibility of the student and his/her parent(s)/guardian(s). School administrators are responsible for implementation and enforcement of this policy. The legal concept of "reasonableness" shall be the guiding principle.
