MSD: Board Member Compensation Schedule

Compensation to members of the Millard County Board of Education for services and necessary expenses shall be consistent with Utah law and in conformity with rules and procedures established by the Board.

Each member shall receive basic compensation of $3,000 per year, payable monthly.

In addition, each member shall receive compensation for additional Board meetings or assignments at a rate of $60.00 for meetings less than four hours and $90.00 for meetings lasting over four hours.

Meetings eligible for additional compensation include:

1. Committee or subcommittee assignments of USBA, NSBA, UHSAA, or Millard School District. When Board members are required to serve on district, public, or state committees with other public or professional people, Board members are eligible if payment is provided to public or professional members of the committee. If committee membership is voluntary, Board members do not qualify for additional compensation.

2. Other assignments as determined by the Board.

No payment will be made to a Board member if reimbursement is provided by another agency. Partial reimbursement will be prorated. National or state conventions do not qualify for special reimbursement. Per diem rates will coincide with the rate for professional employees.
