Period Products in Schools

Providing Period Products to Students

"Period products" means tampons, sanitary napkins, or other similar products designed for hygiene in connection with the human menstrual cycle.

Utah Code § 53G-4-413(1) (2022)

The District shall provide period products free of charge to students in each female or unisex restroom in each elementary school, middle school, junior high school, high school, or other school facility used by students. This requirement does not apply to a female or unisex bathroom used exclusively by students in kindergarten or younger. The District shall inform its students of the availability of the period products.

Utah Code § 53G-4-413(2) (2022)

Utah Admin. Rules R277-931-2 (October 11, 2022)

Millard Local Provision

No separate Millard local subsection is inserted. No adopted Millard period-products policy was identified that adds local value beyond the USBA model.
