MSD: Local Academic Eligibility and Good Standing

A student must maintain a 2.00 grade point average and may not have more than one failing or incomplete grade from the previous grading period to participate in athletics governed by this policy, unless a stricter UHSAA or school rule applies. Concurrent-enrollment grades shall be counted for eligibility purposes as a single course grade for the grading period. A pass grade in a pass/fail class is not counted in the GPA for eligibility; grades of fail, incomplete, no grade, or no credit are considered failing grades until made up through an approved process.

For activities during the first grading period in the fall, eligibility is based on the last report card issued for the preceding spring. Deficiencies earned during that grading period may be made up during the summer only through a District-approved program and in the same subject area when required by the activity rule. Individual schools, with principal approval, may establish GPA requirements for cheerleading, student council, clubs, and other non-UHSAA activities, provided the requirements are clearly stated in the activity disclosure document.
