MSD: Faculty Supervisor Off-Campus Noncurricular Club Participation

An individual acting in the capacity of a faculty supervisor or monitor for a noncurricular club may not participate in the off-campus activities of the noncurricular club as a District employee or representative. A faculty supervisor or other employee who voluntarily attends a club's off-campus meeting or activity does so outside the scope of District employment and acts in an individual capacity unaffiliated with the school or District unless the activity is separately approved as a District-sponsored activity under applicable policy.

This local provision does not restrict the required oversight of authorized noncurricular club meetings on school premises or during authorized school-facility use. It clarifies the scope of employment, sponsorship, and liability boundary for off-campus noncurricular club activities and does not reduce any duty imposed by law, Board policy, or an approved club authorization.
