# MSD: Student Online Expression, Web Pages, and Personal Information

Student web pages, class websites, club pages, online publications, or social media accounts created through or with District resources must relate to approved educational, class, school, or extracurricular purposes and must comply with District electronic-device, student-record, copyright, student-publication, club, and discipline policies.

Student-created or student-organization online material shall not imply District endorsement unless approved as official District communication. Student pages or organization pages should include a disclaimer that opinions expressed are not attributable to the District when the page is not official District speech. Personal contact information, identifiable images, videos, or student-record information may not be posted except as permitted by District standards, parent authorization, and applicable privacy law.
