MSD: Visitor and Non-Student Coordination

When bullying, cyberbullying, hazing, abusive conduct, harassment, threats, degrading comments, intimidation, or retaliation involves parents, visitors, volunteers, or other non-students, administrators may coordinate the student-response process with visitor authorization, trespass, law-enforcement, and school-premises conduct procedures. Fan and spectator conduct at school-sponsored activities is governed in one location by Policy GCA-3, Fan Code of Conduct. Source: MSD Policy 7160, Conduct on School Premises, approved 2021.
