MSD: Registration Notice of Attendance, Discipline, Consequences, and Appeals

Prior to or no later than school registration, the parent or legal guardian of each student in grades 1 through 12 shall be provided written notice regarding compulsory education attendance laws, discipline or consequences for attendance concerns, and opportunities to appeal truancy notices or related disciplinary measures. This notice may be provided with registration materials, through the registration process, and through appropriate District or school website locations.

Attendance-related discipline shall be coordinated with the District's attendance, truancy, parent-accommodation, make-up work, and student-record policies. Nothing in this subsection limits the current USBA discipline framework or the specific legal protections applicable to students with disabilities, students with Section 504 plans, homeless students, or other protected student groups.
