MSD: Visitor and School-Premises Conduct Coordination

Safe school administration includes coordination with District policies governing campus visitors, trespass, and disruption of classes or school operations. Fan and spectator conduct, event removal, future-attendance restrictions, administrative review, and related law-enforcement referral are governed in one location by Policy GCA-3, Fan Code of Conduct. These remedies do not replace student discipline procedures. Source: MSD Policy 7160, Conduct on School Premises, approved 2021.
