Parent Access to Student Library Information

Access to Student Library Activity Information—

The District shall provide an online platform through which a parent of an enrolled student can view the title, author, and description of any materials the parent's student borrows from a school library. This access shall include the ability to review a history of the materials borrowed by the student. The access may be through an existing online platform or through a separate platform.

Utah Code § 53G-4-402(9)(b) (2026) Utah Admin. Rules R277-628-3(1)(d) (August 7, 2024)

Source Traceability

Source	Use in this policy
2026 USBA Model Policies, GDA - Parent Access to Student Library Information.	Retained as the controlling model policy text and legal framework.
MSD Policy 5181, Evaluation and Selection of Library Materials / Instructional Materials Media Selection, approved 2025.	Reviewed for unique Millard value. Local provisions were inserted only where they added implementation value and did not duplicate the USBA model.

Disposition Note

USBA GDA was retained as the controlling parent access to student library activity information policy. MSD Policy 5181, approved 2025, was reviewed. Its library-material selection, access, parent restriction, and sensitive-material review procedures were preserved earlier in Section E. GDA-1 was added only to connect the online parent access requirement to those existing library-review and student-record privacy procedures.
